---	---	--

Dear motor sport fans,

In collaboration with the town of Isny, its corresponding districts, the Ravensburg administrative district office and the participating land owners, the Isny MSC Registered Association is happy to announce the 15th Classic Dirt Bike Endurance Race in Isny on the 07/09/2019 and 08/09/2019.

All dirt bikes built before and including 1978 are permitted (no sidecars).

The vehicles must be permitted to travel on public roads. Red 07 numbers, old-timer license plates (no 06 dealer numbers) and temporary license plates are also allowed.

The rider must be in possession of a valid driver's license (please bring vehicle registration certificate and driver's license for inspection. **There will be no inspection without the submission of a valid driver's license!!**)

The motorbikes must correspond to their respective era in terms of both look and engineering. The organizers reserve the right to reject any vehicles presented at the technical inspection which do not correspond to these criteria and to refuse participation to the rider.

**The deadline for entry is Friday, 5th of July 2019.** Due to a limit in the number of participants, starting places will be allocated upon registration on a first-come-first-serve basis. As a result of this limited number, the organizers reserve the right to refuse participants even before the deadline has been reached.

**The entry fee for all classes is €65.00.** The entry fee is non-refundable except in the case of the event being cancelled.

**Entry can only be done online.** The link for online entry will be published on our website. Registrations which are submitted late will not be considered.

Teams (4 riders) can be registered until 11 a.m. on the 7th of September 2019 at the document inspection. **The entry fee per team is €30.00.**

---	---	--

The race will take place on a circuit which is approximately 40km long.

The event consists of various trials:

1. Special tests:  
trial assessment
2. Dirt bike endurance race:  
over an expected 3 laps (approx. 120 km) including special tests (the organizers reserve the right to change the number of laps!).

As the race will also take place on public roads, the participating riders will be asked to drive in a considerate manner and to respect road traffic regulations accordingly.

Timekeeping:
